Description of Discharge: Sensation / Appearance																																										

Use the following Charting Symbols:

•	red		Bleeding	
•	red		Spotting	
ı	gree	en	Dry. See noth	ning, feel nothing ALL day
0	6	5	Sensation	: (at the vulva) dry, damp, moist, sticky, wet,
	- 3			: slippery, lubricative or flowing feeling
	ζ.	W	Appearance	: lumpy, pasty, cloudy, clear, transparent, stringy mucus
=	yello)W	Unchanging d	ischarge before Peak or any discharge after Peak
			(If the unchan	ging discharge is recognised as the Basic Infertile Pattern
×			Peak: The LA	<u>ST</u> day of the slippery sensation at the vulva
1	2	3	1 2 3 days after	er Peak: dryness or mucus which is not wet or slippery

Charting Rules:

- 1 Abstain COMPLETELY for 1 month (No genital contact at all)
- 2 Chart at the end of the day what you feel and what you see during the day
- 3 Record any slippery or flowing feeling even if there is no visible mucus.
- 4 Do not search inside the vagina
